

Appl. No. 10/687,190
Amdt. dated April 19, 2005
Reply to Office action of February 23, 2005

Docket No. 58085-010204

REMARKS

Claims 1-9 are pending in the application.

Applicants wish to thank Examiner Hartman for extending the courtesy of an interview to Applicants' representative, Charles Berman, on April 6, 2005.

Claims 1, 5 and 6 have been amended to include "evacuation from disaster area" as suggested by the Examiner during the interview. The examiner has kindly acknowledged that "[t]hese changes are consistent with subject matter the examiner has already deemed as allowable." Applicants submit that claim 1-6 are now condition for allowance.

Formal reconsideration of the rejections set forth in the Office Action dated February 23, 2005 is respectfully requested.

Priority

Examiner states that allowed claims 7-9 do not receive the benefit of an earlier filed applications 09/617,721 (filed 07/17/2000) or 6,173,209 (filed 08/10/1999) because evacuation from disaster areas was not disclosed in any of those applications.

However, the parent application 09/617,721 discloses "pedestrian traffic can be directed away from certain areas during times when crowding is severe." Page 23, Ln 34-35. Accordingly, applicants submit that evacuation from disaster areas is well supported by the parent application 09/617,72.

Claim Rejections - 35 U.S.C. § 102 and 35 U.S.C. § 103

The Examiner has rejected Claims 1-3 and 5-6 under 35 U.S.C. § 102(e) as being anticipated by Dombroski et al, U.S. Patent Application No. U.S. 2002/0023463 A1. The Examiner has rejected Claim 4 under 35 U.S.C. 103(a) as being unpatentable over Dombroski et al. in further view of Official Notice.

As acknowledged by the Examiner, Dombroski is not concerned with evacuation from a disaster area. Independent Claims 1, 5 and 6 have been amended to include a disaster area.
